

Paradigm

Event:

The purpose of this event is to sow the seeds of curiosity and enthusiasm for science in young minds. We are planning for a science workshop where the school students can comprehend the real essence of science rather than just the conventional textbook knowledge. The workshop will focus on incorporating creativity with their scientific mind thus enhancing their ability to construct new ideas. The main event will be segregated into two age groups (5th grade to 8th grade) and (9th grade to 12th grade). The event also comprises a science exhibition focusing on making them inquisitive, true to the name of the fest.

Requirements:

1. wireless mic (2)
2. projector
3. 2 rooms (G02 and G06)
4. Certificate of participation
5. Prizes for winners of certain games

Budget: 1500 rs(for the prizes)
